

TRAMICO Route d'Authou Boite Postale n° 117 27800 BRIONNE	issue / revision date 28.08.2003
Product name: TRAMIBAND	

1. Identification of the substance / preparation and of the company**Identification of the substance or preparation:**

TRAMIBAND

Use of the substance / preparation:

Sealing tape

Company identification:

Sté TRAMICO
Route d'Authou
Boite Postale n° 117
27800 BRIONNE

Telephone: +33 (0)232478210
Emergency: +33 (0)232478210
Telefax: +33 (0)232455493

Informing department: development & quality assurance Telephone: +**2. Composition / information on ingredients****Chemical characterization:** Sealing tape consisting of polyolefin foam with fixed siliconized polyethylene foil; self adhesive with a pressure sensitive adhesive based on a SIS/SIB-formulation**Hazardous ingredients:** none**Additional informations:** none**3. Hazards identification****Hazards designation:** this product does not require labelling in terms of preparation guideline 1999/45/EC**Specific hazards:** no special remarkable hazards**4. First-aid measures****General information:** none**On inhalation:** not applicable**On contact with the skin:** clean adhesive residues with water and soap**On contact with the eyes:** not applicable**If swallowed:** not applicable**Self-protection of first-aider:** not applicable**Information for the doctor:** none**5. Fire-fighting measures****Suitable extinguishing media:** water, powder, foam, carbon dioxide (CO₂)**Unsuitable extinguishing media:** none**Special exposure hazards arising from the substance or preparation itself, combustion products, resulting gases:** In case of fire toxic fumes might be formed: carbon monoxide (CO), carbon dioxide (CO₂), ammonia (NH₃) and organic pyrolysis products.**Special protective equipment for firefighting:** breathing apparatus with independent air supply for fire-fighters

Product name: TRAMIBAND

6. Accidental release measures

Personal precautions: none special

Environmental precautions: none special

Methods for cleaning up/taking up: none special

Additional informations: none

7. Handling and Storage

Handling

Hints for safe handling: electrostatic charge may occur by manufacturing

Technical measures: none specific measures necessary

Hints for protection against fire and explosion: do not expose the material to any flame or other source of ignition or heat

Storage

Requirements for storage rooms and vessels: store protected by light and dry

Hints on storage assembly: none

Further information on storage conditions: none

Specific uses

Recommendations: observe technical data sheet

8. Exposure limitation and personal protective equipment

Exposure limits:

Constituents with occupational exposure limits resp. biological occupational exposure limits requiring monitoring:

CAS-number	substance name	exposure limit	type	value	dimension
------------	----------------	----------------	------	-------	-----------

not applicable

Remarks: none

Exposure controls:

Occupational exposure controls: see section 7., no additional measures necessary

Personal protection equipment:

Respiratory protection: not necessary

Hand protection: not necessary

Eye protection: not necessary

Protective clothing: not necessary

General health and safety measures: wash hands before breaks and on finishing work

Environmental exposure controls: see section 7., no additional measures necessary

9. Physical and chemical properties

General information

Physical state: solid

Colour: white or anthracite

Odour: low own odour like paraffin

Important health, safety and environmental information

	value/dimension	method
pH-value:	n.a.	
Physical state change: thermal decomposition	> 160 °C	
Ignition temperature:	> 300 °C	
Density: foam	~ 30 kg/m ³	DIN EN ISO 845
Solubility in water:	insoluble	
	n.a. = not applicable	

Additional information: none

10. Stability and Reactivity

Conditions to avoid: temperatures over 160 - 180 °C (> 10 min)

Materials to avoid: strong oxidizing chemicals

Hazardous decomposition products: none (at burning see point 5.)

Further informations: no hazardous decomposition products if stored and handled as prescribed

11. Toxicological information

No hazards are predicted, provided the material is correctly handled.

12. Ecological information

No hazards are predicted, provided the material is correctly handled.

13. Disposal considerations

Disposal / Waste (product): Disposal in accordance with the local disposal regulations (for example: landfill, incineration, recycling).

| **Waste designation:** waste plastic

| **Waste code:** 070213

| **Packages:** Disposal in accordance with the local disposal regulations (for example: landfill, incineration, recycling).

| **Waste designation:** paper and cardboard packaging

| **Waste code:** 150101

14. Transport information

No hazardous material as defined by the transport regulations.

15. Regulatory information

Labelling: does not require labelling

National regulations: observe in addition the national legislative regulations

16. Other information

Recommended restriction(s) on use: none

Further information: This product is - according to the EC Directive 1999/45/EC - a product for which a safety data sheet is not necessary.

With respect to the safety interest of our customers we hereby reflect the relevant phrases of the directive 91/155/EEC and 2001/58/EC for hazardous substances and preparations.

All above mentioned statements are according to our actual knowledge. The given information describes the product under the aspect of safety relevant data and do not constitute a warranty like a technical specification.

All existing laws and regulations must be kept by the user of our products.

This data sheet replaces all previous versions.

| Changes as against the last version
